

What is the funding status for S.R. 108?

- Funding is not yet available to widen S.R. 108 to five lanes
- When full funding *does* become available, UDOT will purchase right-of-way for the five-lane alternative selected in the FHWA Record of Decision
- Right now, UDOT is uncertain when this might occur

To provide immediate congestion relief and improve safety, UDOT will use available funds to widen or re-stripe the roadway, providing three lanes (one lane in each direction and a center turn lane) for the S.R. 108 corridor

- Funding for transportation projects is determined by the Utah State Legislature
- The State Transportation Commission sets funding priority decisions with input from state and local elected officials
- Citizen input can be an important part of the process
